BOUQUETS

MIXED GARDEN STYLE BOUQUETS

1

DUAL/ SINGLE VARIETY BOUQUETS

2

SUMMER INSPIRED BOUQUETS

3

NATIVE PETITE BOUQUETS

4

We can make a beautiful hand tied bouquet for yourself and up to 3 bridesmaids in this package. We give you a choice of seasonal, local flowers that we can work with. Local flowers are more cost effective than imports, meaning it will help us keep the costs within the budget. Here are some lovely examples of this style of bouquet.

1

MIXED GARDEN STYLE BOUQUET

This style uses a mix of soft, English garden varieties for a whimsical, feminine bouquet with lots of movement. Pastels and contrasting colours such as peach and blue are popular in this style.

2

DUAL/SINGLE VARIETY BOUQUETS

This is a very popular and trend forward style, using only one or sometimes two types of flowers. They give you a beautiful simplicity and elegance, without overcomplicating the overall look of your outfit.

3

SUMMER INSPIRED BOUQUETS

Commonly used for brighter colour palettes, this style is bouncy and fresh, with some interesting local ingredients. Leave it to us to find the most incredible florals for you.

4

NATIVE PETITE BOUQUETS

While natives can be costly, we can still create something gorgeous for you with these types of flowers. We use a mix of smaller flower heads and foliage to create something truly unique.

BOUTONNIERES

Boutonnieres are a great way to subtly add a pop of florals to the groom and groomsmen's outfits. We select a combination of small flower heads from the ingredients we purchase for the ceremony, reception and bouquets. We then carefully wire the flowers and shape them into a perfect, tiny posy to sit on the lapel. We can deliver the boutonnieres to where the groom is staying, and help attach them to the suits.

THE CEREMONY

Ceremony flowers are essential for any wedding. While there may be thousands of options and images on Pinterest that may have you confused, we can take the stress out for you by giving you a gorgeous backdrop that will fit within the budget. Let's explore some options below, that will create lasting memories and timeless photographs for your ceremony...

Square Arbour

Our square arbour is made of sturdy hardwood, painted in white. It is popular for dual arrangements such as this one, making keeping to a budget possible, while still providing a striking visual for the backdrop of the ceremony.

Ground Installation

If you love the idea of a floral nest or ground installation, we can certainly do this for you within this package, using mostly foliage, and a smaller amount of flowers. Foliage can come in a variety of colours, not just green! We can source yellow, orange and deep burgundy as well.

Flowers on Plinths

This option is great if you don't like the idea of having a big structure, and have a view that you want to preserve. Small to medium floral arrangements on plinths will give you a timeless, classy addition to your ceremony photographs. We can include urns or vases as pictured.

RECEPTION FLOWERS

If you are in need of elegant, minimal reception table flowers, this package is the one for you. You can choose the style, - whether you prefer a modernist ikebana aesthetic, simple bud vases or more traditional floral arrangements. Choose from a range of seasonally available, locally grown flowers in the colours you love.

TABLE FLOWERS - STYLES

IKEBANA BOWLS

1

PETITE FLORAL ARRANGEMENTS

2

BUD VASES

3

MINI GARDENS

4

You have a choice of these four styles in the Essentials package. These styles of table florals are all perfect for keeping the look modern and minimal, while still creating visual impact and interest. We will work with locally sourced, seasonal flowers to keep the costs within the budget. You can also choose the colours you love!

1

IKEBANA BOWLS

A very modern and popular style for creating interest and intrigue for the guests. There are many ways to create this style of arrangement, and we can design it to fit seamlessly in with your aesthetic.

2

PETITE FLORALS

A more traditional option, we can make petite/small arrangements with or without a vase.

3

BUD VASES

Clustered bud vases have gained popularity with many brides/grooms, due to their simplicity and modern style. We can use clear or amber glass to fit with your aesthetic.

4

MINI GARDENS

Something a little different, we offer this as an option to create a mini landscape on the tables, bringing the outside in. Like the Ikebana style, a minimal amount of stems is used, with a variety of other non floral ingredients.

LOGISTICS

We get it, wedding planning is stressful, and the last thing you want to think about is all of the logistics that go with organising multiple suppliers for the day. We have you covered. After we collect a few details in our simple questionnaire, we take it from there and your work is done.

SETTING UP

Setting up at the event is the most important step, as everything needs to be perfect when it arrives. We take care to transport our flowers gently and carefully, so they arrive in good shape. Our team often works quickly within a time limit to ensure the scene is set and ready to go before guests arrive.

FLORAL REPURPOSING

We often come across couples who want more impact at their reception, but wonder how we can manage that on a tight budget. This is where floral repurposing comes in. We can save you thousands by quickly moving the ceremony florals into the reception space, after the ceremony has ended. Our team is efficient and professional, and will ensure minimal disturbance is caused.

PACKING DOWN

In most instances, our team will come back to the reception venue to pack down the flowers and styling items after the guests have gone home. We ask that any vases, bowls and structures are left at the venue, but the guests are more than welcome to remove the flowers and take them home to enjoy later.
